

Campaign tracker: the story so far

- **Fruit trees planted in January – March 2010 period: 16,657**
- **Total fruit trees planted so far: 116,276**
- **Location: Malawi, Africa**
- **Type of trees:** we are focusing on **Guava** and **Papaya** trees, both of which grow quickly and provide abundant fruit. Guava trees grow in 4-5 years whilst Papaya trees grow in 2-3 years
- In association with our friends at **Ripple Africa**

Omex at a community tree nursery holding a small Papaya tree

Focus: Improvements with the Fruit Tree Project

The following improvements have recently been introduced to the project:

- 20 specialist nurseries (out of 100) have been nominated to develop the programme going forward
- Improved local training to raise nursery management standards
- The introduction of a “step-by-step” guide to planting trees
- Improved mulching and watering

Improved training

Improved mulching
